

The recording begins in the middle of Edward's sentence.

ED (whisper)

--think it's still out there?

JAMES

Shh.

Their voices echo. They seem to be in a confined space.

ED

Did you see it? What is it? Is it the Witch?

JAMES

I don't know.

There's a long silence, as if they are listening.

ED (tentatively)

We've been down here for an hour and we haven't heard it. I think it should be okay.

A sound of rustling. Someone moves about.

ED

James, are you hurt? What's that on your neck?

JAMES

It's nothing.

ED

Let me take a look at it.

JAMES (harshly)

I said it's nothing, Ed.

ED

Okay, fine, I'll leave it.

Silence.

ED

How... long have you been out here?

JAMES (distantly)

A long time.

*I transcribed what I could.
I hope I did so correctly.
And I hope it helps you.*

2
3 ED

4 Are you okay to climb out?

5
6 JAMES

7 Yeah.

8
9
10 There is some shuffling and groaning, followed by glitches, as well as the sound
11 of rocks clicking and crumbling against one another.

12
13 Ed (?) gasps.

14
15 JAMES

16 What?

17
18
19 Wind blows through leafless trees. Trunks strain and groan against the wind.

20
21 ED

22 Give me your hand. I'll help you up. You gotta see this.

23
24 JAMES

25 What?

26
27 ED (frightened)
28 The house.

29
30 JAMES

31 Ruins.

32
33 Ed (?) takes a deep, rattling breath. James (?) simply sighs.

34
35 ED

36 How? How is it ruins?

37
38 JAMES

39 Because it is. Or it will be. Or it always has been.

40
41 Silence.

42
43 ED

44 I found Emma. And Ray. They're...

45
46 JAMES

47 I know.

48
49 ED

50 What happened to them?

JAMES

She got them.

ED

She? You mean the Witch?

JAMES

Or a servant.

Ed (?) takes several deep, panicked breaths.

ED (frightened)

Look, I... There's someone on the outside, James. They can get us out of here. We can come back for Emma and Ray. Right now we need to just get out of here.

JAMES

Outside? I wouldn't count on them. Nothing can get out.

ED

Why not?

JAMES (distant)

The only way we can get out is if she wants us to.

Ed (?) takes a couple frantic breaths.

ED

Look at me, James. Look at me. Whatever she is, we can beat her. As long as we do it together, all right?

The wind picks up, and within it there is hidden the sound of the laughter of children.

JAMES (horrified)

It's her. She's coming back.

ED

Run. Run!

There is a deep, guttural roar over the sound of hurried footsteps, and then the tape ends.
