

Philax

Quick Start Guide

Philax Home Security System
PHX-1902C

To the owner of #26:

Thank you for choosing Philax to
keep your home safe and secure.

DIRECTIONS

To SET UP:

Once your Philax technician has finished installing your home system, press any key on the keypad to get started with your personal setup.

The system's PIN will be set to a modifiable default of 87654321.

To set a personalized PIN, press **ENTER** and type in your desired 8-digit PIN.

Please note: To change or reset your PIN after the initial setup period, you will first have to call the Philax office directly to confirm your identity.

To ARM:

Press and hold **ARM** for 3 seconds.

Enter your 8-digit PIN.

Press **ENTER**.

To DISARM:

Press and hold **DISARM** for 3 seconds.

Enter your 8-digit PIN.

Press **ENTER**.
