The background of the advertisement features two large, dark red, stylized letters. On the left is a large 'U' that extends from the top to the bottom of the frame. On the right is a large 'S' that also extends from the top to the bottom. The letters are solid and have a slightly rounded, modern font style. The text is positioned within the negative space of the 'S'.

OUR MISSION

In an ever-changing world, those fortunate to be changemakers can help set a higher standard for all.

By bolstering commercial real estate to kickstart stalled urban economies, target locations benefit from cash-infused investor pools to inflate real estate values and open businesses that usher in the "third wave": a higher-earning demographic with disposable capital and an appetite for authentic experiences.

Using our system, small towns around the world abandoned by the young will return to their former charms and glory while passively generating capital for investors and landowners like never before.

Since 1982, The Lourdes Group has achieved this by using a proprietary three-phase urban revitalization system: Reconnaissance, Rebranding, and Renewal.

If you're reading this, then your property already passed the Reconnaissance phase. Congratulations!

WHAT HAPPENS NEXT?

Soon, a Lourdes Group team will work with you to rebrand your organization to be up to date with our elite standards. This won't be a one-time process; we intend to keep your branding on the cutting edge of contemporary design while still retaining the history and spirit of the organization.

One of the ways we do this is through a policy of updating each holding's branding once every five years.

As an example, here's the brand journey of one of our oldest clients, the SAIST, through the years:

1975-1980

1980-1985

1985-1990

1990-1995

1995-2000

2000-2005

2005-2010

2010-2015

2015-2020

2020-Present

Simultaneously to the Rebranding phase, you'll be experiencing the radical renovations of the Renewal phase, aimed at updating the consumer appeal and profitability of your property.

THE LOURDES GROUP & YOU

As a member of our newest office, it is your mission to help usher in the Three Wave plan in the urban area we have selected to open your new branch.

We consider ourselves to be a family, and we are always here to raise each other up whenever and however possible.
