

Note to self: pull H aside later for statement, away from meddling mommy

- Interview first, then draft

N + A arguing in hall. Can't overhear much.

A: "You've been too easy on her (L?) How could you let her ruin his chances at the Olympics?"

N: "Is this really about her? I know you're still upset. Annie, we should talk about what happened with us."

A: "Shut up. Get that brat back on the ice, and do it fast, or you're fired. I've got to go finish Harrison's costume."

Interesting. Need to follow up.

S was by the rink earlier, didn't participate. Where does she fit in? Does she at all?

THE LEE REPORT

Weird energy between H and N today. Harry won't meet his eyes.
Should ask him about it later.

Is there bad blood between M and L? He's giving her the eye.

Looks like she caught on. She's looking anywhere but at him.

N too. Frustrated body language.

M bumped L, looks like on purpose?

M AND N FIGHTING?

M whispered something, N threw 1st punch. M finished it, though.
Younger and stronger, after all.

Good for him. N needs to be taken down a peg or
three after what he's pulled on me.

But of all the weeks to have no camera!! Need new
one ASAP for moments like this.

!!! L quitting? Storming out of rink in tears.

"You're both just liars! I'm done with this!" — L

H's on his phone, prob calling A for damage control.

Damn did she get here ~~first~~ fast. And very not happy.

Dragging N into the hall for a stern talking to.

What the hell just happened???
